

~ Open letter to Mr. Ian Narev : CEO Commonwealth Bank of Australia ~

The 'plot' ~ Anarchy, Treason, extortion, larceny & collusion.

Dear Sir and other 'fellows,'

Ref: Mrs. C. Barnes, client of the Launceston Branch.

I am writing this letter to you as a '**warning**' that for many years now the **Sovereign Authority of the Constitution** has been and yet is being *usurped* in a very underhand manner, and this has enabled Australian Taxation Office personnel to 'garnishee' or openly *steal* money held in trust with Banks.

In the 'case' at hand it is in reference to the CBA.

I am aware that this has been taking place due to total ignorance on the part of all parties concerned, as well as local magistrates, for they at present do not understand nor realise that it is their 'duty' to check every 'case' presented before them against their 'mandate' to 'act' and, - - - whether or not there is a 'conflict of interest' with the '**Freedom of Religion**' clause of the **Australian Constitution** and 'any' State **Constitution**.

Any '**conflict of interest**' is overruled by THE **Constitution** and the case deemed VOID.

1 - The 'question' at hand is; **whether or not Mrs. C. Barnes is a person requiring to submit tax returns or to pay taxes to the taxation office?** I say "No" and, - - -

2 - The 'question' at hand is; **whether or not the Commonwealth Bank has the TRUE 'authorisation' mandate to enable moneys, held in trust for safe keeping with them by Mrs. C. Barnes, to be transferred to the ATO or not?** I say "No" and, - - -

I also write this epistle also to advise you that a few years ago the Launceston Branch manager (98 Brisbane street) permitted' the transfer of funds from Mrs. Barnes account to the ATO when ATO officials asked for that to take place and, - - -

All this was done without Mrs. Barnes even being advised of the transaction.

Further to this, the ATO Deputy Commissioner of Taxation Cheryl-Lea Field has again threatened Mrs. Barnes that her 'office' is to take steps on 17th May to 'recover' or *seize* money to the amount of \$33,095.10 together with an added *penalty* of 75%, - - -

Thus it is my 'duty' to YOU to *advise* you to walk 'slowly,' and to please advise your Launceston Bank to refuse any 'advances' made by the ATO and to thus keep Mrs. Barnes account **SAFE** from an obvious *extortionist* attempt.

As Mrs. Barnes is guaranteed 'protection' from *persecution* within both the Australian and the Tasmanian Constitution, it is MY 'advice' to you to advise the ATO that you can ONLY hand over money 'legally' IF the 'Freedom of Religion' clause has been 'overthrown' by a High Court **RULING** and thus now 'null and void' and, - - - if so, you need a copy of IT. (The Ruling)

It is my considered opinion that: IF any funds are 'removed' by your staff and transferred to the ATO that your 'staff member' who authorizes 'such' is in 'collusion' with another person and, is guilty of *criminal* and *treasonable* offenses against the Constitutional Authority as well as Mrs. Barnes.

It is my request that: After you have read, and your legal advisors have reviewed my attached [taxoffice.pdf](#) letter sent to the ATO, (ref. below) - - - you consider you own 'bankers tax' stance within the 'Freedom of Religion' Act of the Constitution, as well as whether our Creator requires your bank 'business' to be 'licensed' by any other or NOT. (I know it does not.)

Your '*safety & security*' obligations are to your customers AND your God, not to any 'earthly' authority who '*forcefully*' control every aspect of life due to their 'Principals' knowing NO God.

Where are the 'fearless' and *principled men of HONOUR* today?

My 'hope' is that 'our' CBA leads the 'world's' banks the *honourable and correct* way forwards.

I trust that you will consider all factors and ensure that 'our' client's funds are kept **SAFE**.

Sincerely - Terence
